

We can furnish everything that a startup (start-up) or small - medium sized business needs: very quickly, cheaply and safely!

A responsive web site which is scalable and search engine optimized. E-Commerce of course!

Work collaboration spaces which allow hundreds of people to collaborate on the same projects, goals, and documents.

Private, secure, email including groupware and activesync if required.

Private secure video conferencing and audio conferencing, meeting rooms all with interactive whiteboards and private, and shared folders for documents.

Includes membership in our Private ad-server network as a sub-reseller so you can monetize revenue from ads you serve on your site. Includes free ads on our partner sites.

All up-to-date on our secure managed servers or for € 395 more per month on yours, which we manage and secure!

All this and more - good for hundreds of company users and hundreds of thousands of website hits (visitors) per day starting at only € 495 per month. Forever secure, up-to-date, modular, redundant and optimized to get you clients.

This is a fully managed customizable offer which can be tailor-made to your requirements. **Contact US** ^[1] to discuss your unique functional and aesthetic requirements.
